Course Prospectus

Course Name: Cyber Security Assistant

Course Code: IS101

NSDA CODE: 2021/ITES/NIELIT/00350

NSQF LEVEL: 03

Duration: 300 Hrs. (2 Months)

Last Date of Registration: 08th September 2025

Date of publishing Provisional Selection List: 09th September 2025

Payment of first instalment fee: 09th September 2025 to 10th September 2025

Course Start Date: 10th September 2025

Preamble:

Business @ the speed of thought has moved from a buzzword to a business reality owing to the integration of business and technology. Digital infrastructures and information networks have become central to any business activity. The information residing on these computers, networks and in cloud are an essential asset and due care should be taken for its security. The impact of any loss of this asset or any downtime of the infrastructure is quite high with the proliferation of easy-to-use tools and open how to- discussions, the number of people aiming to hack in to or bring down the network is high, both in this country and abroad. Hence, there is a need for heightened security measures to protect both infrastructure and data.

Objective of the Course:

The Course is 300 Hrs. (08 weeks) programs aimed at molding candidates to be a skilled knowledgeable Cyber Security Assistant to maintain the Security of Systems and Networks in today's scenario.

Outcome of the Course:

This skill-oriented course provides candidates with information required for configure and administration of OS Server, Networks, Database, Wireless & its Security and equip them with the skills required to protect & recover the computer systems & networks from various security threats in dedicated or virtual environment.

Full Flow of Course

Course Structure: This course contains total four modules. After completing the modules, the students have to do a 30 Hrs. project using any of the topics studied to earn the Certification.

Sl.No	Module Name	Duration (in Weeks)
Module 1	Fundamentals of Network and Operating Systems	2 Weeks
Module 2	Fundamentals of Cyber Security	4 Weeks
Module 3	Project Work	1 Weeks
Module 4	Employability Skills	1 Weeks
Total Duration		8 Weeks

Course Fees

Registration Fee- Rs.1000/-

Course fee is Rs. 13,200/- {Can be paid as a single instalment of Rs.13,200/- (Including Reg. fee) or in 2 instalments as given below}

Detailed Syllabus

Module1: Fundamentals of Network and Operating Systems

- Computer Networking
- OSI Reference Model & TCP/IP Protocol Suite
- TCP/IP command line Troubleshooting utilities
- Overview and Exploring Windows OS
- Overview and Exploring Linux OS

Module 2: Fundamentals of Cyber Security

- Basics of Information Security
- Ethical Hacking and Basic Cryptography
- Introduction to OS security
- Security Tools for Windows Operating System
- Introduction to Wireless Network and Wireless Security
- Introduction to the Android and iPhone iOS Operating systems
- Android and iPhone iOS Operating systems
- Web Application & Terminologies
- Web Application Protocols & Browser Security
- Introduction to Social Media & its security
- Digital Payment System and Security
- Various kinds of fraud in banking
- Introduction to Cyber Crime
- Overview on Cyber Law & Cyber Cell
- Cyber Fraud Helpline

Module 3: Project Work

- Problem Definition and Architectural Development
- Requirement Analysis
- Security Server Selection
- Configuring Server
- Final Design & Deployment Phase
- Testing Phase

Module 4: Employability Skills

- Career Development & Goal Setting
- Essential Digital Skills
- Getting ready for Apprenticeship & Jobs
